OFFICE OF THE STATE CONTROLLER

STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2006-03 HANDICAPPED AND DISABLED STUDENTS II

February 17, 2006

In accordance with Government Code (GC) section 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for filing claims for the Handicapped and Disabled Students II (HDS II) program. These claiming instructions are issued subsequent to adoption of the program's Parameters and Guidelines (P's & G's) by the Commission on State Mandates (COSM).

On May 26, 2005, the COSM determined that GC sections 7572.55 and 7576, as added and amended in 1994 and 1996, and the joint regulations adopted by the Departments of Mental Health and Education as emergency regulations in 1998 and final regulations in 1999 (Cal. Code Regs., tit. 2, §§ 60000 et seq.), established costs mandated by the State according to the provisions listed in the P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Any city, county, or city and county that incurs increased costs as a result of this mandate, is eligible to claim reimbursement of these costs.

Filing Deadlines

A. Reimbursement Claims

Initial reimbursement claims must be filed within 120 days from the issuance date of claiming instructions. Costs incurred for this program, are eligible for reimbursement for fiscal years 2001-02 to 2004-05. Claims for fiscal years 2001-02 to 2004-05 must be filed with the SCO and be delivered or postmarked on or before **June 19, 2006**. Actual reimbursement claims for fiscal year 2005-06 and estimated claims for fiscal year 2006-07 must be filed on or before **January 16, 2007**.

In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions. Claims filed more than one year after the deadline or without the requested supporting documentation will not be accepted.

B. Late Penalty

1. Initial Claims

AB 3000, enacted into law on September 30, 2002, amended the late penalty assessments on initial claims. Late initial claims submitted **on or after September 30, 2002,** are assessed a late penalty of 10% of the total amount of the initial claims **without** limitation.

2. Annual Reimbursement Claims

All late annual reimbursement claims are assessed a late penalty of 10% subject to the \$1,000 limitation regardless of when the claims were filed.

C. Estimated Claims

Unless otherwise specified in the claiming instructions local agencies are not required to provide cost schedules and supporting documents with an estimated claim if the estimated amount does not exceed the previous fiscal year's actual costs by more than 10%. Claimants can simply enter the estimated amount on form FAM-27, line (07).

However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, claimants must complete supplemental claim forms to support their estimated costs as specified for the program to explain the reason for the increased costs. If no explanation supporting the higher estimate is provided with the claim, it will automatically be adjusted to 110% of the previous fiscal year's actual costs. Future estimated claims filed with the SCO must be postmarked by January 15 of the fiscal year in which costs will be incurred. Claims filed timely will be paid before late claims.

Minimum Claim Cost

GC section 17564(a) provides that no claim shall be filed pursuant to Sections 17551 and 17561, unless such claim exceeds one thousand dollars (\$1,000).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question.

Source documents may include, but are not limited to, employee time records or time logs, signin sheets, invoices, and receipts. Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

Certification of Claim

In accordance with the provisions of GC section 17561, an authorized representative of the claimant shall be required to provide a certification of claim stating: "I certify, (or declare), under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of the Code of Civil Procedure section 2015.5, for those costs mandated by the State and contained herein.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the claim component adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency pursuant to this chapter is subject to the initiation of an audit by the SCO no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the SCO to initiate an audit shall commence to run from the date of initial payment of the claim.

In any case, an audit shall be completed no later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. On-site audits will be conducted by the SCO as deemed necessary.

The claiming instructions and forms in this package should be retained permanently in your Mandated Cost Manual for future reference and use in filing claims. These forms should be duplicated to meet your filing requirements. You will be notified of updated forms or changes to claiming instructions as necessary.

PARAMETERS AND GUIDELINES

Government Code Sections 7572.55 and 7576 Statutes 1994, Chapter 1128, Statutes 1996, Chapter 654

California Code of Regulations, Title 2, Sections 60000 et seq. (emergency regulations effective July 1, 1998 [Register 98, No. 26], final regulations effective August 9, 1999 [Register 99, No. 33])

Handicapped and Disabled Students II (02-TC-40/02-TC-49)

Counties of Stanislaus and Los Angeles, Claimants

I. SUMMARY OF THE MANDATE

On May 26, 2005, the Commission on State Mandates (Commission) adopted its Statement of Decision in *Handicapped and Disabled Students II*, finding that Government Code sections 7572.55 and 7576, as added or amended in 1994 and 1996, and the joint regulations adopted by the Departments of Mental Health and Education as emergency regulations in 1998 and final regulations in 1999 (Cal. Code Regs., tit. 2, §§ 60000 et seq.), impose a reimbursable state-mandated program on counties within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

The Handicapped and Disabled Students program was initially enacted in 1984 and 1985 as the state's response to federal legislation (Individuals with Disabilities Education Act, or IDEA) that guaranteed to disabled pupils, including those with mental health needs, the right to receive a free and appropriate public education. Three other Statements of Decision have been adopted by the Commission on the Handicapped and Disabled Students program. They include Handicapped and Disabled Students (CSM 4282), Reconsideration of Handicapped and Disabled Students (04-RL-4282-10), and Seriously Emotionally Disturbed (SED) Pupils: Out-of-State Mental Health Services (97-TC-05).

Eligible claimants are *not* entitled to reimbursement under these parameters and guidelines for the activities approved by the Commission in *Handicapped and Disabled Students* (CSM 4282), *Reconsideration of Handicapped and Disabled Students* (04-RL-4282-10), and *Seriously Emotionally Disturbed* (SED) Pupils: Out-of-State Mental Health Services (97-TC-05).

These parameters and guidelines address only the amendments to the Handicapped and Disabled Students program. The Commission found, pursuant to the court's ruling in *Hayes v*. *Commission on State Mandates* (1992) 11 Cal. App.4th 1564, that Government Code sections 7572.55 and 7576, as added or amended in 1994 and 1996, and the joint regulations adopted by the Departments of Mental Health and Education as emergency regulations in 1998 and final regulations in 1999, constitute a reimbursable state-mandated program since the state "freely chose" to impose the costs upon counties as a means of implementing the federal IDEA program.

II. ELIGIBLE CLAIMANTS

Any county, or city and county, that incurs increased costs as a result of this reimbursable statemandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557 states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim for this mandate was filed by the County of Stanislaus (02-TC-40) on June 27, 2003, and filed by the County of Los Angeles (02-TC-49) on June 30, 2003. Therefore, the period of reimbursement begins July 1, 2001.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(l)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Claims should *exclude* reimbursable costs included in claims previously filed, beginning in fiscal year 2001-2002, for the Handicapped and Disabled Students program (CSM 4282). Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

¹ Some costs disallowed by the State Controller's Office in prior years are now reimbursable beginning July 1, 2001 (e.g., medication monitoring). Rather than claimants re-filing claims for

For each eligible claimant, the following activities are eligible for reimbursement:

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in section IV. of this document. Each claimed reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

- 1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
- 2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORDS RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter² is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any of the following sources shall be identified and deducted from this claim:

- 1. Funds received by a county pursuant to Government Code section 7576.5.
- 2. Any direct payments or categorical funding received from the state that is specifically allocated to any service provided under this program. HANDICAPPED AND DISABLED STUDENTS II CLAIM SUMMARY Instructions

FORM HDS-1

- (01) Enter the name of the claimant. If more than one department has incurred costs for this mandate, give the name of each department. A form HDS-1 should be completed for each department.
- (02) Check a box, Reimbursement or Estimated, to identify the type of claim being filed. Enter the fiscal year of costs.

Form HDS-1 must be filed for a reimbursement claim. Do not complete form HDS-1 if you are filing an estimated claim and the estimate does not exceed the previous fiscal year's actual costs by more than 10%. Simply enter the amount of the estimated claim on form FAM-27, line (07). However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, form HDS-1 must be completed and a statement attached explaining the increased costs. Without this information the estimated claim will automatically be reduced to 110% of the previous fiscal year's actual costs.

- (03) Enter the number of students who were referred during the fiscal year of claim.
- (04) For each reimbursable activity, enter the total from form HDS-2, line (05), columns (d) through (i) to form HDS-1, block (04), columns (a) through (f) in the appropriate row. Total each row.
- (05) Total columns (a) through (f).
- (06) Indirect costs may be computed as 10% of direct labor costs, excluding fringe benefits. If an indirect cost rate of greater than 10% is used, include the Indirect Cost Rate Proposal (ICRP) with the claim. If more than one department is reporting costs, each must have its own ICRP for the program.
- (07) Multiply Total Salaries, line (05)(a), by the Indirect Cost Rate, line (06). If both salaries and benefits were used in the distribution base for the computation of the indirect cost rate, then multiply the sum of Total Salaries, line (05)(a), and Total Benefits, line (05)(b), by the Indirect Cost Rate, line (06).
- (08) Enter the sum of Total Direct Costs, line (05)(f), and Total Indirect Costs, line (07).
- (09) Less: Offsetting Savings. If applicable, enter the total savings experienced by the claimant as a result of this mandate. Submit a detailed schedule of savings with the claim.
- (10) Less: Other Reimbursements. If applicable, enter the amount of other reimbursements received from any source including, but not limited to, service fees collected, federal funds, and other state funds, that reimbursed any portion of the mandated cost program. Submit a schedule detailing the reimbursement sources and amounts.
- (11) Total Claimed Amount. From Total Direct and Indirect Costs, line (08), subtract the sum of Offsetting Savings, line (09), and Other Reimbursements, line (10). Enter the remainder on this line and carry the amount forward to form FAM-27, line (07) for the Estimated Claim or line (13) for the Reimbursement Claim.
